

First off let us say thanks for supporting AC with your hard earned dollars. We think you'll find that you've made an excellent choice.

The Nature Boy is our singlespeed cross racing monster. It was named after a Minnesota professional wrestling legend and carries all of the AC hallmarks: straight blade fork, classic paint, custom dropouts and signature headbadge. It was designed primarily as a race rig, but since we knew that many of you out there would be using it for every day life, we built in additional features to make it more versatile.

You'll find hidden fender mounts, two sets of bottle bosses (reinforced of course), fat tire clearance, and a steel fork that is easily swapped for a carbon model should you want to lighten up for race season.

The Nature Boy is your new best bro (or brah if you're from Colorado, where they take cyclocross seriously). Race the crap out of it, ride singletrack, gravel, or commute until your heart's content. Wooooooooooooo!

Enjoy the bike and feel free to send over some pics of your ride for our blog.

Cheers,

All-City

Cross Frame Specification

| | |
|----------------------|--|
| Tubing | Columbus Zona double-buttet down, top and seat tubes. CroMoly externally tapered, ovalized and dimpled chainstays, and tapered seatstays. TIG welded |
| Fork | 4130 CroMoly double-buttet tapered fork blades, lugged crown and matching dropout |
| Dropouts | All-City Hennepin Bridge dropouts, with built in tensioner bolts. The bolts are a standard M4 bolt, and we recommend that if you're running the rear wheel fully forward in the dropout that you either take the bolts out or replace them with a shorter version (prevent bending). We also recommend that you grease those things. Rear spacing is 130mm |
| Braze-ons | Waterbottle mounts on seat tube, and downtube with reinforcement plates (nice touch, eh) |
| Seatpost diameter | 27.2mm |
| Headset | 1-1/8" threadless |
| Bottom bracket shell | PressFit 30 |
| Brake mounts | Standard cantilever |
| Tire clearance | 700c x 38mm |

Assumption of Risk

Federal, State and local laws vary and may require certain equipment, including brakes. Buyer assumes all risks of assembling a bike that is not equipped with all required safety components. Buyer assumes all risks inherent in riding a bicycle without all required safety equipment on a public or private street or pathway.

Serial Number

Write it down now! Seriously. It's important if your bike is stolen or for questions about your frame. The number is stamped into the bottom of the bottom bracket shell.
